# BEER TASTES BETTER UP NORTH

## WELCOME

This year's Beer Fest is a celebration of the city we've called home for more than 300 years!

Leeds has always had a strong brewing culture. Today, the city is home to a huge range of independent breweries, producing everything from traditional cask ales to some of the most exciting modern beer in the country.

For four days, every beer pouring at Whitelock's and The Turk's Head has been brewed right here in Leeds and the surrounding areas.

Grab a pint, discover something new, and celebrate our great city!
